

## **SaddleBrooke HOA 2 Operation Policies**

### **MountainView Pool Lift Usage**

#### **Initial Training:**

Before a resident can use the MountainView pool lift unassisted by SaddleBrooke staff, they must have an able-bodied helper be trained by the DesertView fitness staff. The staff can be reached at 520-818-1300. Appointments must be scheduled 48 hrs in advance. Resident will also be required to sign a liability waiver at the time they and their able body helper are trained.

#### **Unassisted use of the MountainView pool lift:**

After being trained by the DesertView fitness staff and signing the liability waiver residents with their able-bodied helper will be allowed to use the pool lift without assistance from HOA2 staff. It is the residents responsibility to connect the hose and operate the lift. Once the resident is done swimming and before they leave the pool it is mandatory that they store the lift on the pool deck and disconnect the hose and roll it up and store it so that it is not a tripping hazard. If there are any concerns with the lift contact the DesertView fitness center at 520-818-1300.
