SGT Classes are \$10 and not included with the Unlimited Fitness Class Pass. | Session Based Classes vary per class and not included with the Unlimited Fitness Class Pass. Schedule Subject to Change without Notice.

2025 FITNESS CLASSES

CLASS DESCRIPTIONS

FLOW & RESTORE YOGA

Class will begin with gentle flow to warm the body & class will culminate with restorative yoga. Restorative yoga holds poses much longer than conventional yoga & often uses props such as blankets, bolsters, and blocks.

PARKINSON'S CLASS

Parkinson's Recovery Certified Trainer Marcia Pirie will teach members how to gain strength, flexibility and move more freely.

STRENGTH

Use weights & bands in this functional strength training class to improve bone density and muscle mass. Everyday activities become easier when stronger.

SGT - BALANCE & FALL PREVENTION

This class is a great way to learn how to help prevent falls & improve balance. Get more individualized attention while enjoying a class atmosphere.

SGT - TRX & MORE

Not only will we explore the TRX, but we will also explore other modalities to challenge and change our cardiovascular system, flexibility, and mobility. If you are looking for a one-of-a-kind full body workout. Look no further! This class is \$10 and is not eligible for the Monthly Class Pass

STRETCH

Relax and unwind while increasing mobility and reducing chance of injury with a full body stretch class. Adding a regular stretching routine to your repertoire can improve your performance in physical activities by helping your joints move through their full range of motion.

YIN YOGA

A slower-paced style of yoga in which we use long-held, passive poses--twists, forward folds, supported backbends, and hip-openers--to increase mobility, mobilize, stretch, and hydrate the body's extensive fascial network. As we settle into poses for three to five minutes, the practitioner is invited into a more meditative internal space. We will incorporate yoga props as needed to support the body's joints and increase accessibility of the poses for all practitioners, making Yin Yoga a perfect complement to an active lifestyle.

SEATED STRENGTH AND TAI CHI

This class includes a combination of resistance training, using weights, bands, balls, & mild stretching. Class concludes with a series of seated Tai Chi moves that will help tone your body while obtaining a calm & tranquil mind. The deep breathing techniques used in your Tai Chi moves will also lower blood pressure & leave you feeling relaxed & calm.

LOW IMPACT CARDIO MIX

Move your body to upbeat music with joint friendly low-impact cardio! Different cardio modalities may be used that are designed to keep it low impact and fun! Class may include low impact cardio, cardio drumming, or cardio circuits. Avoid the hum drum of the same old thing and change up your workout for a bigger calorie burn!

STEP N' SCULPT

We will combine the best of two worlds: cardio and strength. We will use the steps in a safe manner to strengthen the muscles that support our knees while building upper body and lower body strength. Bands, weights, balls and other modalities may be used.

YIN YOGA W/ GONG HEALING SOUND

Yin yoga is a natural range-of-motion practice focusing on slow stretches, specifically opening tight muscles to restore and rejuvenate your body. These poses will apply moderate stress to connective tissues for 2-4 minutes to increase circulation in the joints and improve flexibility. Followed by a gong healing sound that promotes further relaxation and stress relief.

MAT PILATES

Mat Pilates is a dynamic workout that melds strength and grace into one fluid experience, designed to harness the power of your own body weight to sculpt and elongate every muscle group while a variety of props like bands, exercise balls, and small weights occasionally spice things up. Each session is a journey towards building a resilient core, aligning your posture with precision, and deepening your mind-body connection. Feel the stress melt away as you embrace a practice that not only fortifies your physical form but also nurtures your mental well-being, promotes a balanced lifestyle, and alleviates pain. Mat Pilates isn't just exercise; it's a path to a stronger, more centered you.

POPJAM

This cardiovascular class make you move to the hits of Pitbull, J'Lo, Bruno Mars & more! Burn calories and get in 7,000 steps in this fun filled class. If you like to dance & sing, this class will not disappoint!
